

SUPPORT LOCAL HISTORY

Ulysses S. Grant, 6-star General and 18th President of the United States, moved to the Cottage on June 16, 1885, at the direction of his doctors to benefit from Mt. McGregor's natural beauty and fabled healing properties after his cancer diagnosis.

While staying at the Cottage, with the love and support of his family, his publisher Mark Twain and the nation at large, he completed the Personal Memoirs of U.S. Grant just days before his death on July 23, 1885. Publication of this two-volume work ensured his family's financial security, giving the world one of the most critically acclaimed memoirs by a U.S. president or historic military figure to this day.

Today, the Cottage remains almost exactly the same as during the Grant family's stay. Visitors tour the downstairs of the Cottage, viewing the original furnishings, decorations, and personal items belonging to Grant, including his clothing and floral arrangements that remain from Grant's August 4th funeral. The Cottage is owned by the State of New York, and is **open to the public by The Friends of the Ulysses S. Grant Cottage, a nonprofit organization.**
